

**Town of Benson
P.O. Box 163
Benson, VT 05731**

CLEAN FILL POLICY

Clean fill will be determined as such by the landowner or owners of properties where fill will be placed for disposal by the Town.

Examples of clean fill being disposed of by the Town are as follows but not limited to: ditching materials, leaves, insufficient road base, stone, ledge, crushed glass, clean wood products, and other biodegradable products.

Landowner must insure the Town that property to be filled in is in no way considered to be or classified as wet lands. Property owners are responsible for all materials agreed upon for fill on their property or properties at the time of delivery and from there after.

The Town will not be responsible for any part of landscaping of fill being disposed of, other than leveling so as to enable continued dumping.

The Town is not responsible for property damage that could occur during delivery. Examples are: septic, water, electric, rutting of driveway or lawn, etc.

The property owner or owners must agree with the terms set in this policy and acknowledge such by a signed and dated copy of this policy (Town of Benson Clean Fill Policy).

Signature _____

Date: _____

Request form for clean fill must remain attached to signed policy.

Please find request form on page 2.
